Case No. 2:21-cv-02241-CDS-NJK

Plaintiff

Order Addressing Joint Motions and Joint Stipulation

V.

Research Development Foundation,

[ECF Nos. 347, 351, 354, 363]

Defendant

10 The parties filed a series of joint motions and a joint stipulation relating to sealing several
11 documents relevant to the September 2024 trial and supplementing the record with several
12 interrogatory responses. ECF No. 347; ECF No. 351; ECF No. 354; ECF No. 363. All of these
13 filings were discussed at the November 6, 2024, hearing.

14 During the hearing I confirmed with the parties that they were seeking redactions, not
15 the sealing of documents, and I agree to the reasoning provided in the motions at ECF No. 347
16 and ECF No. 351. Therefore, these motions are granted to the extent that they are redacting
17 certain documents. Accordingly, the motions to redact Exhibits A, B, C and D are granted. The
18 unredacted versions of these exhibits, docketed at ECF Nos. 348 and 350, shall remain sealed.

I also grant the stipulation at ECF No. 363.

Finally, I deny without prejudice the motion at ECF No. 354 seeking to redact trial exhibits. However, as discussed with parties during the hearing the motion, if any person seeks to access to or a copy of the trial exhibits discussed in ECF No. 354, they must seek leave of court.
